Krzysztof Gryc

React FRONT-END DEVELOPER

For over ten years my work has been related to design,
creating websites and programming in java script / type script.

I am currently working as a Senior React Developer.

I create, develop and maintain web projects based on React.

I am developing an editor project that is part of the back-office system of a media company.

The most important technologies and tools in the stack:

Typescript / React / Redux / Next.js / Storybook / Styled components

Cypress / REST & GraphQL

Career Summary

2021 to present Senior React Developer - Autentika

Creation, development and maintenance of web projects based on React.

Most important projects:

- maintenance and development of the editor, which is part of the media company's back-office system
- design system and implementation of a project enabling the search for raw material areas

2019-2021 React developer - KATO Software House

Creating and developing the front-end layer of projects:

- website and administration panel for the parenting control application
- crypto currency website with an administration panel, purchase, investments, investment presentation

2014-2019 Front-end Developer – freelancer

Website creation: HTML, Sass, React.js

Building CMS websites: Joomla, WordPress.

Designing website layouts and graphic elements.

to 2014

I worked as a computer graphic designer.

I created projects for the website and related to printing [DTP].

Education:

2003 - 2008 Full-time studies at the University of Silesia in Katowice
MA in Polish Philology – specialty: editing and textology

1997 – 2002 Electronics and Electrical Technical Secondary School in Tychy

REFERENCES

27.05.2024

Krzysztof was a front-end developer at Autentika for 3 years. Throughout the entire period of cooperation, he proved to be a reliable and hard-working member of the team. His commitment and competence allowed him to impeccably fulfill his duties and responsibilities in the projects in which he participated.

We highly value his culture and positive, yet unobtrusive, attitude.
I sincerely recommend Krzysztof as a front-end developer for any IT team.

Michał Samojlik

Chairman of the Board Autentika Sp. z o.o.

27.05.2024

I have the pleasure of writing a reference for Krzysztof, who has been working as a programmer in our team for two years. During his work, Krzysztof demonstrated high effectiveness, extensive knowledge and excellent teamwork skills.

Krzysztof is an extremely talented and committed programmer. His ability to solve programming problems quickly and effectively contributed significantly to the success of our projects. His solid theoretical foundations and practical skills allow him to effectively cope with even the most complex tasks.

His work in the team is admirable. Krzysztof is an excellent collaborator who can inspire and motivate other team members. He is open to suggestions and willingly shares his knowledge, which significantly improves the level of work of the entire team.

Krzysztof also stands out for his initiative and proactivity. He often comes up with proposals for new solutions that not only improve the efficiency but also the quality of implemented projects. His commitment and passion for work are visible in every task he undertakes.

I am convinced that Krzysztof will be a valuable asset to any company in which he decides to continue his career. His skills, knowledge and attitude make him an exceptional employee who you can always count on.

Mariusz Byrtek

Team Leader of the front-end team of back-office tools

Wirtualna Polska Media

28.05.2024

I rate my cooperation with Krzysztof Gryc very positively. He conscientiously carried out the assigned tasks and showed independence and commitment to solving them. He was a long-time member of the team working for a regular client of our company.

During many years of cooperation, we have implemented joint frontend projects using React/Next.js, supporting each other with new solutions and techniques. Here, Krzysztof has repeatedly demonstrated his extensive knowledge and experience.

Grzegorz Kiersznowski

Chief Technology Officer in Autentika Sp. z o.o.

I will be happy to provide contacts to confirm references.
